DENTSPLY

coltène
whaledent

- What really is new in composite technologies - are they getting better?
- The "Natural Layering Concept" - a simple technique for mastering aesthetics
- Controlling shrinkage and post-operative sensitivity
- Posterior composites - perfect contacts, beautiful aesthetics, lasting restorations
- Finishing and polishing techniques
- A short-course on tooth whitening and other conservative procedures
- Composite rehabilitation of the worn dentition

Join Tony and Michael as they copresent this masterclass program by one of the world's foremost composite clinicians, Didier Dietschi.

* This program is accredited for 12 hours of CE Credits

The Prosthodontist Masters Series

About the Speakers

Tony Rotondo BDS, Cert Pros (UCLA)

Tony Rotondo completed a postgraduate residency in Prosthodontics at the University of California Los Angeles, in 1996 and is a registered Prosthodontist, currently practicing in Brisbane and the Gold Coast.

Tony has a specific interest in aesthetic dentistry and has taught undergraduates and postgraduates at the University of Queensland. He is also the Past President of the Australian Society of Aesthetic Dentistry (QLD Branch), and a member of numerous other professional associations. He has presented continuing education programs throughout Australia and overseas.

Michael Mandikos BDS, (Hons), M.S. Cert Pros, FRACDS

Michael Mandikos received his BDS with honours, from the University of Queensland and in 1998, he completed studies at the State University of New York at Buffalo, (USA) where he graduated with a Certificate in Prosthodontics and Masters Degree in Biomaterials. He has published several papers in Australian and international journals on clinical and dental materials topics and has presented continuing education programs at Dental meetings throughout Australia and Southeast Asia.

Michael is a Fellow of the Royal Australasian College of Dental Surgeons; a Visiting Specialist Prosthodontist to the University of Queensland Dental School and the Royal Australian Air Force. He is a reviewer for the Australian Dental Journal and Quintessence International, and a product reviewer for several dental manufacturers. Michael maintains a private practice limited to Implant and Restorative Dentistry in Brisbane City.

Didier Dietschi DMD, PhD, Privat-Docent

Didier Dietschi received his dental degree from the University of Geneva, Switzerland. He then completed further research and study to achieve his M.D. and PhD degrees. He is a senior lecturer at the University of Geneva and is an Adjunct Professor at CASE Western University, Cleveland, USA. Didier has extensively studied in-vivo and in-vitro behaviour of adhesive restorations, and his academic and postgraduate teaching is in chemical and conservative treatment of discolourations.

Didier has published over 70 papers on clinical and scientific aspects of adhesive and aesthetic restorations and co-authored the book "Adhesive Metal-free Restorations: current concepts for the esthetic treatment of posterior teeth" by Quintessence Publishing (1997), which was translated into 7 languages. Didier maintains a part-time private office, dedicated to Restorative Aesthetic Dentistry, and Perio-Implant Dentistry.

"People sometimes ask us... who do we learn from ourselves? Well, when it comes to composites, the answer is: Didier Dietschi" Tony Rotondo & Michael Mandikos
