

PORCELAIN VENEERS — *LIVE PATIENT!*

Don't miss
a step in this
unique course!

SEE EVERY STEP LIVE...

Planning and Mock-up, Preparations, Impressions, Records, Provisionals and Delivery of the case, all in detail and presented by Dr Mandikos himself.

In this very unique live patient course, Michael will personally present lectures to cover the relevant theory of the various clinical stages, before attendees then watch on as those procedures are performed on the course patient.

In this boutique course, attendees will be able to "scrub-in" to watch some of the live procedures chairside, as well as being able to watch on a live video feed. This will allow for plenty of question and answer, as Michael treats the patient.

WHAT YOU WILL LEARN

- Planning and Case Selection
- The Art of the Mock-up and its importance
- Preparations for Incisors, Canines and Premolars
- Provisional Techniques
- The Try-in process
- Delivery and Cementation of the big case

Dr Michael Mandikos

DATE:

~~11th - 12th June & 3rd July 2020~~ Cancelled due to COVID 19

5th - 6th & 20th November 2020

VENUE:

Australian Dental Centre of Excellence

154 Ipswich Road
Woolloongabba QLD 4102

Further information and registration
www.ceodental.com.au | info@ceodental.com.au

This course will provide a certificate of attendance for 21 hours Scientific CPD points.

All CeoDental courses are compliant with current Dental Board of Australia guidelines on Continuing Professional Development.

For the purposes of coordinating the laboratory stages, this program will be presented in 2 parts. The planning and preparation phase will be on days 1 and 2, and then the delivery stage will be on day 3.

Whilst much theory about porcelain veneers will be presented and demonstrated, there is no hands-on component for attendees, and this is NOT the same program as the Perfect Porcelain Veneers course that Michael periodically presents.

It will be an exceptional opportunity for those who place the odd veneer, to learn the tips and tricks involved in treating larger cases.

Watch this patient's smile transform in a live clinical setting!

REGISTER: www.ceodental.com.au

COST: \$4480.00 (+GST)

The Australian Dental Centre of Excellence is only 25 minutes and 1 traffic light from the Brisbane airport. The course will start at 9am on Thursday and 8am on the Friday, to allow for those travelling on the Thursday morning and Friday afternoon to make their flights.
